Vermont DCJ

The most effective way for a vacationer to unwind is to take the most winding roads in Vermont. The little old roads make each turn an adventure and a surprise as they snake through the passes following the river. Each covered bridge is a find and almost all the towns still have them in daily use as these spans built for buggies 100 years or more ago still have the useful life to carry autos single file. Vermonters are proud of these relics of an era past as well they should be. Some comparatively modern bridges may be rusting hulks but these covered wooden bridges of 2 or 3 times the age still stand, beautiful in their strength. Each bridge it seems was built by an individual with his own idea of how it should be done so that the geometric engineering of the structures are very strikingly different. The roof was intended to preserve the timber from the elements and they have done so brilliantly. These carpenter engineers built for the ages and we admire the result.

Selectmen's Meeting

JUNE 25, 1985 - by VIRGINIA ARRAL

HARBOR DAYS BIKE RACE-SAFETY FIRST CONCERN

Arthur Blackburn and Michael Renzi, representing the Mattapoisett Lions Club, met with Selectmen Tuesday, June 25, to discuss concerns the board had expressed at a previous meeting on the club's bicycle race scheduled for July 21 as part of the Harbor Days activities.

Blackburn said the exact 10 miles of route would extend from the Mattapoisett Inn along Water Street to North Street, across Route 6 to Crystal Spring Road and continue around to Main Street, across Route 6 again, and end at the Mattapoisett Inn. This should take about 35-40 minutes said Blackburn.

Selectmen were concerned with the route crossing Route 6, especially considering the busy Sunday traffic and that there would be about 50 bike riders.

Selectman James Huntoon said most races close off roads for a bicycle race. He felt there is a great risk involved where the bikers will be competing against each other and trying to watch traffic at the same time. He advised blocking off Crystal Spring Road for one hour while bikers go through.

Blackburn agreed the club will work on the safety aspect. He said there will be warning signs alerting the traffic of the race all along the route and that there will be at least two club members at each intersection.

Selectman Frank Suzan recommended the club put up speed limit signs throughout the route and that they work with the police department, especially Safety Officer Stan Ennis, as to what can be blocked off and where signs can be posted.

In other business, Selectmen:

MET WITH Steven Mach, harbormaster, to discuss concerns at the wharf.

Mach said he had purchased a 3½ watt portable radio, similar to the one used by the police department. The VHF line of sight range will reach anywhere in town or Buzzards Bay, Mach explained.

The board gave Mach permission to allow free sailboat rides by a commercial company during the Harbor Days events.

Mach noted he wanted to order bags of speedy dry in the event there should be an oil spill in the harbor. Suzan said Mahoney's carries absorbent pads, speedy dry and booms to handle oil spills. The board agreed it is wise to be prepared.

Selectmen appointed Mach as a special

GAVE PERMISSION to Richard Brown of Romeo's Package Store to hold a wine tasting on July 12, with the provision he adheres to the state ABC rules. The board also required that the exact wine to be tasted is on sale; that the wine be drunk only on the premises and that it be served only to persons 21 years of age or older.

APPROVED THE PROMOTION of Officer Philip Marcosa to the rank of Sargent, effective July 1. Police Chief Moran informed Selectmen Marcosa has been a full-time officer since April 27, 1971, and that he has shown an ability to see that, when assigned to a task other than routine patrol duty, the job is well done.

The Chief noted Marcosa is the court officer and recently became the firing range officer. As court officer, he was responsible to attend court hearings and has done an excellent job.

GRANTED PERMISSION to the Mattapoisett Track Club to hold dances on the wharf each Thursday to Labor Day. The club will work with the police department to avoid problems. Selectmen noted there have been few problems and that Maurice "Mudgie" Tavares has always handled the weekly dances very well.

WILL SEND LETTERS to area legislators urging they support the local aid stabilization fund. Selectmen Chairman John DeCosta explained this aid fund would attempt to make up local aid losses in years when the state's revenues decrease. Approximately 78.3 million will be placed in the fund for Fiscal '86, and, hopefully, towns who will lose revenue sharing funds, regular local aid or lottery revenues, will be assisted by this fund, DeCosta explained.

ANNOUNCED THE ADOPTION of a new building permit fee schedule, which is to become effective July 1. Selectmen noted Mattapoisett is under other area towns in fee charges and that the last increase was 15 years ago - one increase since the job of building inspector was created.

Single family dwelling/additions will be 10 cents per square foot of living area or $15. per inspection, whichever is greater. Commercial (including alterations), $4. per 100 square feet or $30. per inspection, whichever is greater. All other inspections are $15. per inspection. Complete explanation of the schedule may be obtained from either the selectmen's office or from the building inspector.

MET WITH the Board of Health to discuss the recent decision regarding acid gas control costs on the SEMASS waste-to-energy plant planned to be constructed in Rochester.

DeCosta said the board should get a letter of intent signed before a special town meeting. Daniel Lee of the Board of Health said he will get some figures together for next week. Lee estimated the new rates of $21,000 to $22,000 more per year will set the town back two to three years before expenses can be cleared.

Huntoon noted the contract is ready for final certification within 45 days, subject to it being ratified at a special town meeting. "If we sign, and the town turns it down, we have an out." They agreed to wait a week for Lee's information. Huntoon said

MATTAPOISETT SELECTMEN'S MEETING
JULY 2, 1985 - by VIRGINIA ARRAL

TENNIS COURTS IN NEED OF REPAIR

Barry Haskell, director of the town's Recreation Program, informed Selectmen at the July 2nd meeting that there are three recreational areas in need of repair: the basketball courts on the Center School grounds; the Little League baseball field at Old Hammondtown School; and the tennis courts at Center School.

Haskell estimated a total figure of $2,854. for permanent repairs; a lesser amount for emergency repairs. "With a budget of $400. for maintenance, this presents a problem", said Haskell.

Just who is responsible for this maintenance, he asked. "Although these fields and courts are on school property, the school budget is not responsible for repairs - the town is", said Selectmen Chairman John DeCosta.

It was noted by Paul Levine, Recreation Committee member, that the tennis courts are being used constantly by ORR students as part of their sports program, by year-round residents and increasingly, by summer residents.

The selectmen agreed the recreational equipment and maintenance should be a line item in the budget for another year because of its importance to the young people in town. Selectman James Huntoon noted the recreation department hasn't cost the town much over the years.

Selectmen voted to request a transfer of $600. from the Reserve Fund to pay for emergency repairs to the tennis courts because the problem is considered a safety hazard. Haskell said he could handle minor repairs to the basketball hoops and rings from funds in his budget with a little volunteer help.

In other business, Selectmen:

DISCUSSED with members of the Planning Board results of a joint meeting on using 20 hours of study time from SRPEDD. Planning Board member William Matthews said, "We lean towards using the time to prepare a review

MET BRIEFLY with Arthur Blackburn of the Lions Club bicycle race committee to review an update of safety plans for the July 21 event. Blackburn said that all the bikers will leave in one main group rather than in staggered smaller groups and will have a pace car in front of the group and one in the rear of the group.

Blackburn noted Police Safety Officer Stan Ennis approved the blocking off of the entire route for the 35-45 minutes of the race. These safety changes met with the Select-

DISCUSSED DEVELOPMENTS of the SEMASS project with Daniel C. Lee of the Board of Health. Lee spent part of vacation time preparing a projected cost breakdown on the Semass waste-to-energy plant scheduled for opening in 1987.

Prior to the increase in tipping fees made necessary because of the state requirement for acid gas controls, it was estimated the town would break even and realize a profit for the sale of energy by 1997. That time has been advanced to 2005 said Lee.

The increase in the tipping and acceptance fee went from $12. per ton to $19. per ton (a $21,840. increase) per year. In the year 2005 the town would realize an asset of $1,560 and assets to follow as proportional.

The board will send its latest estimated figures to George Mallon, presdient of SEMASS, for his review. When the selectmen receive a favorable reply they will sign the letter of intent before a special town

meeting is arranged. The board expressed its thanks to Lee for work in preparing the new schedule of costs.

RECEIVED TWO INQUIRIES in response to a vacancy on the Personnel Board. Ridgeway Crouch and Mary-Jane Rimmer Doherty make known their interest by letter. Mary-Jane is a part-time police officer and wrote asking if there would be a conflict of interest. Chairman DeCosta noted anyone can apply except a member of the Board of Selectmen or a full-time town employee.

Camp Massasoit beach area on July 27.

Ruel estimated there would be 200 boats with 400 people, many with expensive equipment. Ruel requested police patrols, but, realizing his budget is tight, asked if he could speak to the police chief about visible patrols. This will be a pretty well controlled affair. Activities will be under the tent at the camp, a dance in the evening at the K of C Hall. "We plan to use local restaurants and not serve meals," Ruel said. There will be a lot of volunteer workers he added. "Very Fine Juice, as well as Lowenbrau, will be supplying refreshments, so it won't be just a booze party," said Ruel.

Selectman Frank Suzan urged Ruel to contact the president of the Reservation Golf Club to discuss travel on Reservation Road where golfers cross the road. Suzan noted this has been the only complaint in past years. Ruel said the competitors are thankful for this site and won't do anything to jeopardize it - safety is still number one. "Our radios, both on the boats and on the shore, are in the same frequency as that of the police department."

Ruel asked for mercy from the Selectmen because of a Hobie Cat he has had on the wharf. "I realize it's been there too long and I need a break with the charges because I've just started in business. Someone blocked me and I couldn't get out." Selectmen advised he work with Steve Mach, harbormaster, on the matter.

Selectmen agreed to Mach's suggestion of a joint meeting with police, fire and civil defense and rescue units to map out a total plan on hurricane preparedness.

Mach asked for a recommendation as to the length of time boats should be tied to the east side of Long Wharf. Selectmen advised using his own judgement but felt a two hour limit is sufficient.

The board was receptive to Mach's suggestion of starting an index card file of persons owning boats; the purpose to identify boats and their owners in the event of an emergency. Mach said most people around the wharf when questioned thought it was a good idea.

Suzan recommended having 5 x 8 cards made up by a printer on heavy paper. The board also recommended he work with the local boatyards to get information on boats and their owners.

Pandolfi shared the spotlight with Craig Lilly, who directed his first concert as the new director. Lilly first directed the playing of "The Star Spangled Banner", followed by Pandolfi conducting a spirited march to conclude his 25 years. Lilly completed the program.

"Where there's a will, there's a way", Doris Kinney, a member of the Band Committee, said as a police cruiser was driven up to the bandstand to make use of its microphone. A problem with the bandstand microphone and no bull horn to be found couldn't deter the Board of Selectmen from making a presentation to Pandolfi of a large, framed, colored photograph of the bandstand taken by Carol Adams, executive secretary to the selectmen. Selectmen Chairman John DeCosta thanked Pandolfi for his 25 years of providing music to the residents. Selectman Frank Suzan also thanked Pandolfi.

Paul Alves, chairman of the band committee, wished Pandolfi the "best of luck" and presented a gift of a lamp with a hand-crafted lampshade by Theresa Corey, the third member of the band committee. The lampshade depicted scenes of the bandstand and Shipyard Park.

Mon. through Sat. 9:30-5:30, Thursdays 'til 8 p.m.

The runners started off and had good protection set up by Chief James Moran and Stan Ennis in the safety van with an escort of motorcycles. There were many accolades for the route as to the water stops set up by Bob Gardner. But above and beyond that, the residents turned out in great Mattapoisett fashion. The race itself continues to be one of the prettiest with the start and finish at Shipyard Park and the Mattapoisett Inn. That breeze really keeps everyone cool. The finish line was handled by John Roderigues and Bob Caswell with smoothness. Charlie Prefontaine and my wife Marlene handled the compilation of results (otherwide known as the hot room)!

The music and audio were handled flawlessly by Dick Mello. My friends from the Greater New Bedford Track Club were invaluable. Maurice "Mudgie" Tavares was ever present through the day.

The runners' raffle was a big hit this year as there were many fine gift certificates donated by local merchants. It was a big success.

The goal of the race is to raise funds for area runners and last year we raised $2100. with 14 scholarships going to 7 area schools. The athletes are chosen by that school; we merely supply the money. See you next year.

CHARLES S. MENDELL, JR. WING DEDICATED

Sunday afternoon, June 30th, nearly 100 people attended the dedication of the new wing of the Mattapoisett Historical Museum in memory of Charles S. Mendell, Jr.

Miss Mildred Hammond greeted the assembly, and a letter from Mrs. Phyllis Mendell in appreciation of the wing's dedication in memory of her husband was read. The following talk was presented by Francis Rowland.

"I was most happy when told that your directors had chosen to dedicate this new addition to Charles S. Mendell, Jr.

"Charles and I grew up together in this town and shared many research projects. His interest and dedication to researching and recording the early history of Mattapoisett has made a very substantial contribution to the town. Charles was born in Mattapoisett, attended Tabor Academy and after earning his degree from Dartmouth he was for many years head of the English Department at Rollins College, Winter Park, Florida.

"I well remember spending many hours with Charles in the Jonathan Holmes attic reading letters that had been sent by whaleship captains to Josiah Holmes, their agent. I can assure you they contained many interesting tales. Charles spent many many hours in Custom Houses in New Bedford, Nantucket and other places compiling records of ships built in Mattapoisett shipyards. As an historian, Charles had much in common with Lemuel LeBaron Dexter and Mrs. James L. Hammond who also devoted much of their lives to historical research.

"We owe much to Charles S. Mendell and his wife Phyllis who traveled to many areas visiting other Museums and getting new ideas to incorporate into this one. It was through their recommendation that the decision was made to make this a 'County Museum' and not try to compete with Old Dartmouth, a Marine Museum.

"Charles was our 'Director' and the people of this town turned out to work with him to HELP lay the foundation for what we have here today.

"He spent his summers in Mattapoisett and devoted much of his time to historical research and this Museum. He had intended to write a book containing stories and facts he had collected, but time ran out, and

Charles passed away in 1975 at the age of 65, leaving his wife Phyllis and two sons.

"His completed writings included "Shipbuilders of Mattapoisett" (a paper first read to Old Dartmouth Historical Society in 1937 and later published by them) which contains a list of 275 ships built in Mattapoisett between 1778 and 1878 and shipyards and their locations; the 'Pageant' for the 100th Anniversary Celebration of Mattapoisett, which he wrote and also directed; his contribution to the Souvenir book included a summary of the history of the town with such stories as 'Burning of a Whaleship', 'Captain Rounseville's Shipwreck', and the 'County House Fire'; also a series entitled 'Years Ago' and published in the Presto Press.

"Beyond Mattapoisett, Charles was recognized as an authority on the life and works of Thomas Hardy.

"For myself (Francis Rowland) - I feel that I have been granted a privilege and an honor to review with you the contributions and accomplishments of Charles S. Mendell, Jr., the man chosen to be remembered by dedicating this new 'wing' to his memory this June 30, 1985."

Mr. Rowland was the organizing President of the Historical Society in 1958. Following his talk Miss Dorothy Fox cut the ribbon and the wing was officially opened. Refreshments were served.

If you have not been to the museum ever or recently do stop in some afternoon (Tuesday through Saturday) from 1 to 5 and get acquainted with a "treasure" of a museum. This month the museum has a collection of tea sets on exhibit - including lusterware, Lowestoft, Staffordshire, Minton, etc. You are very welcome!

On Thursday, July 11th, at 6:30 p.m. the Elizabeth Taber Library, Spring Street, Marion will present storyteller Bill Harley in concert in the gazebo next to the library. This is a concert for all ages, and there is no charge.

Originally from the midwest, Bill now lives in Providence, and started storytelling as recently as 1980. In the past five years, Bill has performed up and down the east coast at hundreds of schools, coffeehouses, camps, festivals, and community events, including Tryworks Coffeehouse in New Bedford, and the Southeastern Massachusetts University Eisteddfod Folk Festival. He is a founding member of Spellbinders, a Rhode Island storytelling collective, and co-founder of the Stone Soup Coffeehouse. Recently Bill released a record for children, Monsters in the Bathroom. The record has received critical acclaim, being called "unabashedly terrific" by the Providence Newspaper. Mattapoisett Harbor Days

"HARBOR DAYS ARE HERE AGAIN"

The Mattapoisett Lions Club invites you to attend and participate in its 4th Annual Mattapoisett Harbor Days" festivities on Saturday and Sunday, July 20 and 21. This year should be the biggest and most fun-filled weekend we have ever had. Several new events and displays have been added, such as: a 10-mile bicycle race for several age groups, plus family teams; a greased pole contest; a barbership quartet presentation; plus a lot of the old standbys: triathalon, volleyball, square dance, a bigger and better pancake breakfast, band concert, junior field day, and many other activities and, of course, lots of craft displays and refreshment booths.

The triathalon, limited to 35 teams, and in conjunction with the Plymouth County Tercentenary celebration, is being expanded to include all residents of Plymouth County, so, if you are interested, get your applications in early. They are available from any Lion or at several business locations around town and include the schedule of events for the entire weekend.

Bring the family, friends, summer guests, neighbors or anyone else you'd like to and join us for a great weekend that once again will prove to everyone that "Mattapoisett Is Still Special".

Bicycle Race & Sports Events

In addition to the popular team Triathalon on Saturday, HARBOR DAYS, July 20 and 21, will feature a citizens' Bicycle Race on

glaze that will change its mood depending on the environment. Her work is always fascinating and innovative.

John Penney lives in New York City, but spends a great deal of time painting from nature in this area. His oil paintings convey the familiar scenes of summer around Buzzards Bay; sailing, casting for blues, as well as landscapes of Mishaum Point, Ned's Point Lighthouse, Marion and Mattapoisett. His superrealism also conveys the ephemeral effects and beauty of sky and water. He won an "Award of Merit" from the Somerset (N.J.) Art Association recently for a painting of Mishaum Point.

Mattapoisett Visual History

Historians will meet in the Mattapoisett Public Library at 10:00 a.m. on Wednesday, July 10th, to discuss what Mattapoisett citizens did for recreation in the early half of this century.

Mattapoisett was a great baseball community and proud of its town teams. Minstrel shows, clambakes, horse racing and lawn parties were a few ways that folks found recreation.

On July 17th there will not be a meeting of this group but July 24th we will continue the research of this past century.

Everyone is welcome to join these discussions.

ALL NATURAL APPETITE SUPPRESSANT AND FAT REDUCER

INTRODUCING . . . the latest development in nutritional weight loss technology . . .
. . . the 4-way, all natural weight loss sensation!

1 GRAPEFRUIT EXTRACT — Fruit enzymes promote fat reduction by stimulating cell metabolism.

2 THE GREAT GRAPEFRUIT DIET also contains GLUCOMANNAN, the amazing vegetable fiber, used in Japan for over 1500 years, which absorbs over 50 times its weight in fluids - giving a comfortable "full" feeling, while cleansing your system. Glucomannan, as a high-fiber substance, has the ability to restrict the absorption of fat and cholesterol in the intestines.

3 THE GREAT GRAPEFRUIT DIET contains kelp, lecithin, apple cider vinegar and vitamin B6 - the oldest and most widely used natural fat-reducing formula in the world - for burning and emulsifying fat and to flush it out of the system.

4 Uva Ursi is added to the GREAT GRAPEFRUIT DIET as a gentle, smooth-acting natural diuretic to prevent fluid retention, puffiness and bloating.

The Great Grapefruit Diet is carefully formulated with the best natural ingredients to REDUCE FAT AND SUPPRESS APPETITE . . . Naturally!

Letters to the Editor

I would like to take this opportunity to respond to the coverage in the Presto Press of the June 4 meeting of the Mattapoisett Selectmen regarding my resignation as Deputy Shellfish Constable. Nearly every direct quote was inaccurate and I feel I must set the record straight.

1. It was not mentioned in the article that I was to cover weekends only and it was never specified to me by anyone at any time that I was to cover only the east end of town.

2. The article states that one of my reasons for resigning was that I had received an offer of a full time job. I made it quite clear at the meeting that I tried (unsuccessfully) for an entire month to reach Mr. Pauline after receiving this job offer in order to find out if my duties as a deputy constable could be expanded beyond strictly weekend coverage. If that had been possible, I would have preferred to stay on as a deputy.

3. The major point missing in the Presto article was that, prior to any mention of shellfish transplanting and "muscle" requirements for tonging, I was, in fact, asked for my badge, being told that a woman "can't handle the job" of Deputy Shellfish Constable. This occurred the very evening before I was to be sworn in for a second term. I was sworn in a second time in spite of this, as I resisted Mr. Pauline's request for my badge and had been contacted by the Town Clerk, not Mr. Pauline, to arrange my second swearing in.

I appreciate the coverage given this issue by the Presto Press and I hope that this letter will serve to clarify the inaccuracies and misquotes which appeared throughout the article in the June 12 Presto.

I would also like to express my appreciation to the Selectmen who were present at the June 4 meeting. They answered all of my questions and asked that I reconsider my decision to resign. Unfortunately, under current circumstances, I felt, and still feel, that to resign was necessary.

cause they were so severely damaged that they constituted a safety problem.

Having gotten bids on demolition, the Board of Trustees voted last week to award the job to D.F. Briggs, Marion. Work will start about July 11. We wanted to alert you to this so that you would not think the Homestead itself was being torn down. No decision has yet been made in that regard. In addition to cost estimates we are talking to several organizations that specialize in the restoration of historical buildings and now await their word on the feasibility of restoring the Homestead.

We will keep you posted.
